	Game Drive
	Walking
	Boating (Water Dependant)
	Mokoro (Water Dependant)
	Bird Watching
	Photographic
	Arm Chair Safari

ABOUT KIRI CAMP

Kiri Camp is named after the Kiri channel which flows passed the island on which the camp is situated. The camp is raised on wooden decks to give one a view of the mighty Kiri floodplains which stretch out in front of the camp.

The luxury tents are designed to incorporate the surrounding ebony forest under which the camp is situated.

The use of wood, canvas and reeds are primary to the architecture of this stunning camp.

Kiri Camp offers a combination of both game drives and water activities. Based on a private concession, these activities will take you to some of the more remote areas in the delta, previously inaccessible.

A motorboat ride during peak flood times promises to enthrall you and captivate you, with the chance of seeing iconic wildlife from the river. Glide on quiet mokoro's through the water lilies and view wildlife from below as you sail along at water level height. The wildlife in the Kiri area is diverse and plentiful, renown for its lion and buffalo interactions and rare wild dog numbers.

As Kiri Camp is in a private concession, off road and night driving are allowed, as are armed nature walks through the surrounding islands with knowledgeable guides.

MACHABA SAFARIS

WHERE IS KIRI CAMP LOCATED?

Kiri Camp is located on an exclusive concession area of NG32 which is a large community run concession, in the Okavango Delta.

The Camp is situated on the Kiri River system, between the Boro River and the Kiri River, about 20km's south west of Chiefs Island.

WHAT TO PACK?

Clothing on safari should be comfortable and colours should blend in with nature as much as possible. Beige, greens, browns, tan and khaki coloured clothing is advisable. Evening dress is 'smart casual', no formal wear required.

YEAR ROUND

- Layers – the best way to dress on safari, due to fluctuating temperatures. We recommend cotton. Long sleeves and trousers will protect from both sun and insects.
- Fleece/warm sweater or warm jacket for morning and evening game drives.
- Hat – broad brimmed for protection against the sun.
- Sunglasses – dark and/or polarized to cut the glare.
- Light cotton shirts and T-shirts; Blouses or shirts.
- Shorts, trousers and chinos.
- Shoes – good, comfortable sturdy closed shoes/ boots and socks for walking.
- Flip flops/thongs for use in outdoor showers.
- Sunblock, insect repellent and lip balm.
- Binoculars – each person should have their own so as not to miss out on any sightings.
- Camera with spare batteries, memory sticks, and the correct charging apparatus.

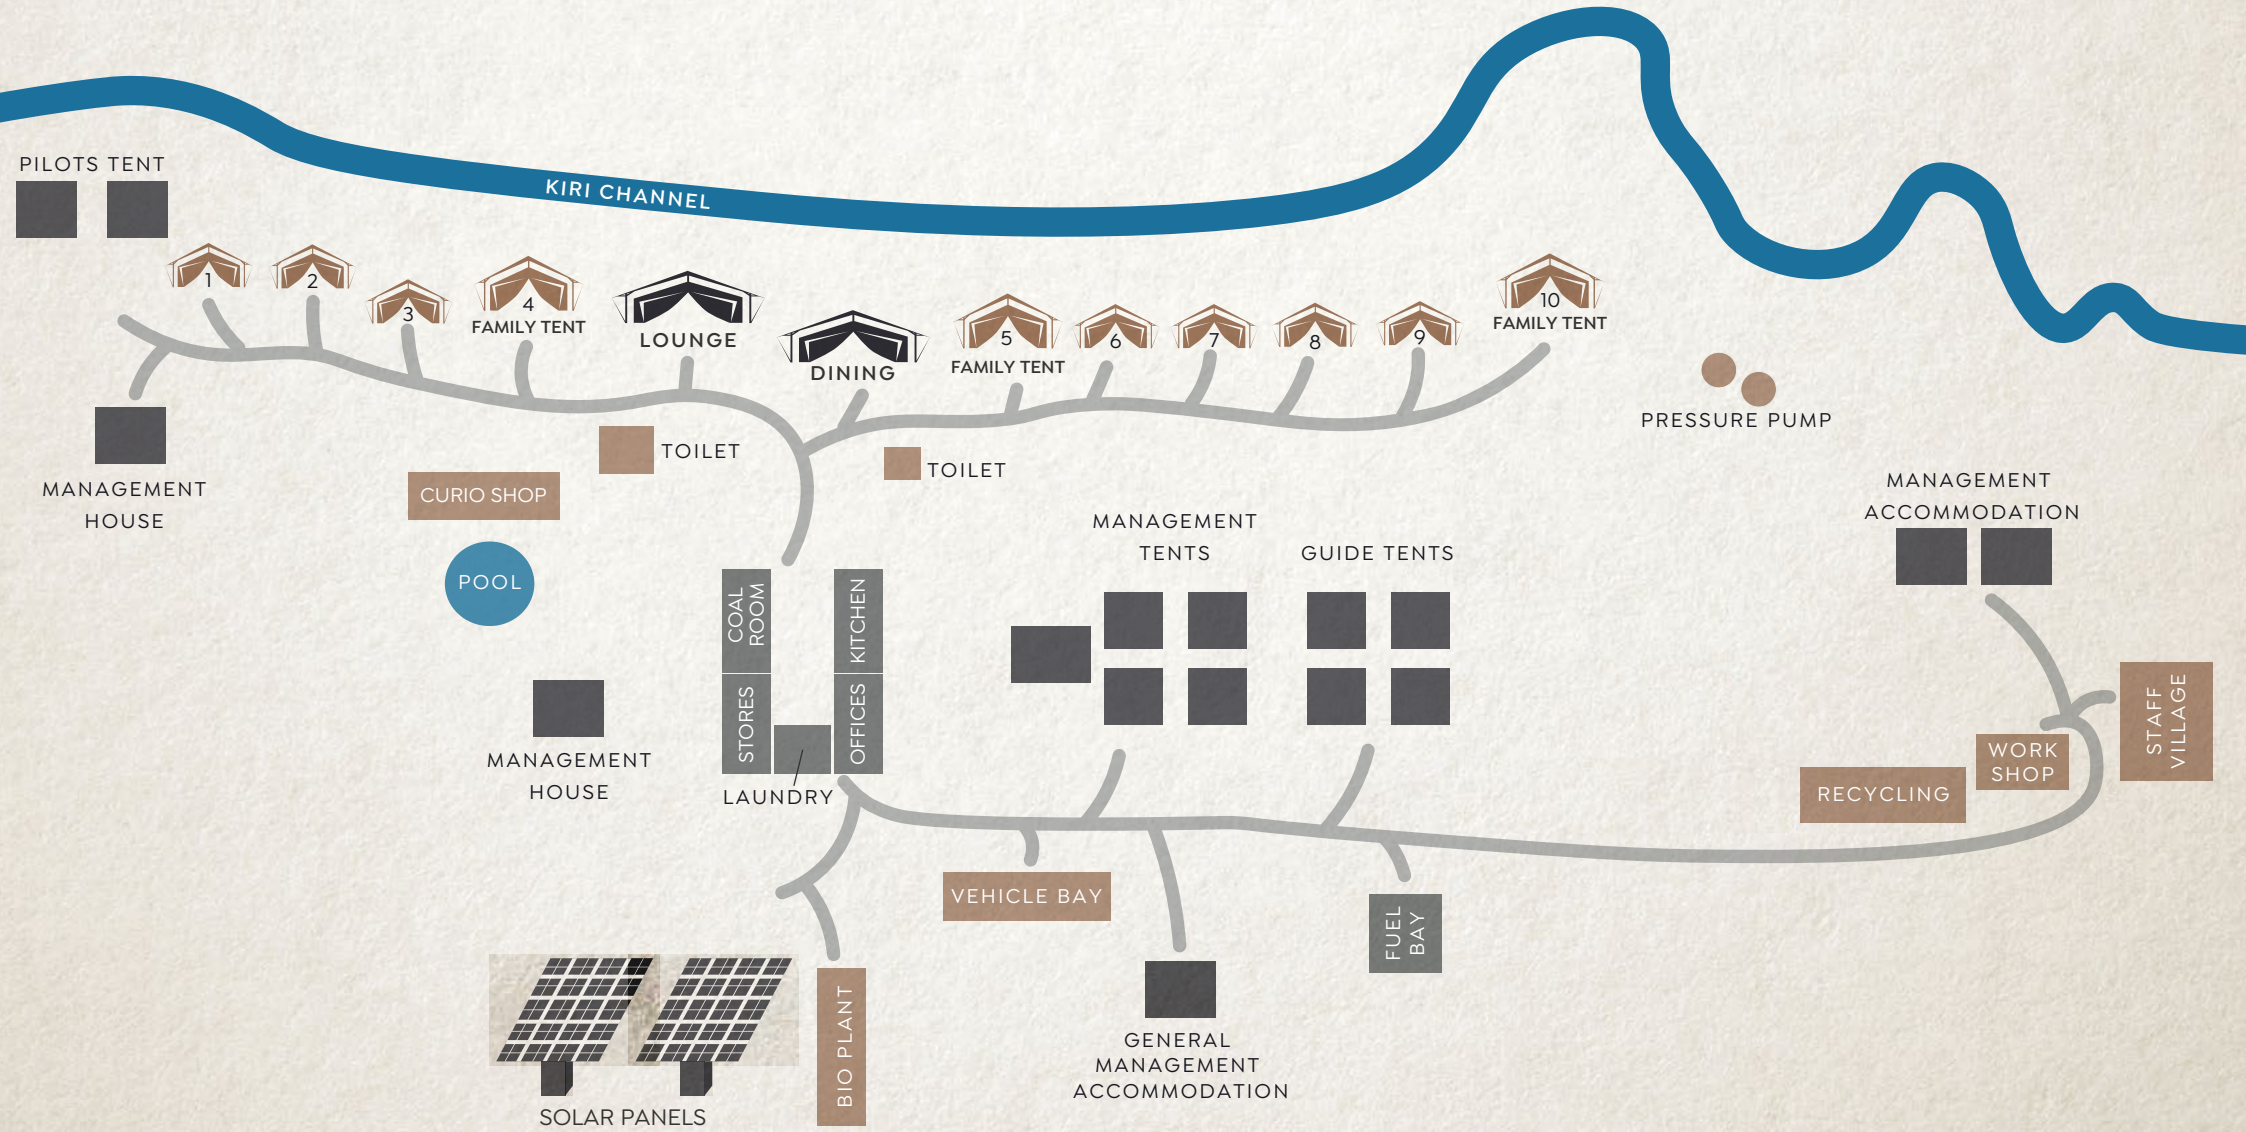

SUMMER

- A kikoi or light sarong has a multitude of uses.
- Light, compact jacket (windbreaker) for the rainy season.
- Swimwear

WINTER

- It gets very cold in the evenings and early mornings, and quite hot during the day – so layers are essential.
- Warm leggings and thick socks – good to wear during cold weather.
- Hat – woolen beanie for warmth.
- Gloves & Scarf
