DETEEMA SPRINGS AT A GLANCE

ABOUT DETEEMA SPRINGS

Deteema Springs Camp was opened in 2019, after the founders of Machaba Safaris saw an opportunity to create an intimate safari camp, in an incredible wildlife area, on a site which is hard to describe. Guests have the opportunity to travel on foot or in game vehicles to view this amazing area and also to view from the camp, Africa in its wildest form.

DETEEMA SPRINGS STYLE

The style of the camp is "Less is more". A non-pretentious camp designed to blend in with the rock and bush which occur on this slight rise above the Deteema Springs. The tents are smaller than the traditional Machaba style tent, fitting in with the surroundings of one of the most iconic parts of Hwange National Park. The tents are comfortable with all the facilities of a luxury camp, including hot and cold running water, flush toilet and decks. The main area is tented on decks overlooking the Deteema Springs, offering one and opportunity to sit and watch the African bush unfold in front of you.

WHERE IS DETEEMA SPRINGS LOCATED

Deteema Springs Camp is located near the Deteema dam in north western Hwange National Park. This area is famous for its large concentrations of animals, including elephant. Due to the existence of year round water seeps, this area is ideal for walking and game drives, producing incredible wildlife sightings.
