ABOUT DETEEMA SPRINGS

Deteema Springs Camp was opened in 2019, after the founders of Machaba Safaris saw an opportunity to create an intimate safari camp, in an incredible wildlife area, on a site which is hard to describe.

Guests have the opportunity to travel on foot or in game vehicles to view this amazing area and also to view from the camp, Africa in its wildest form.

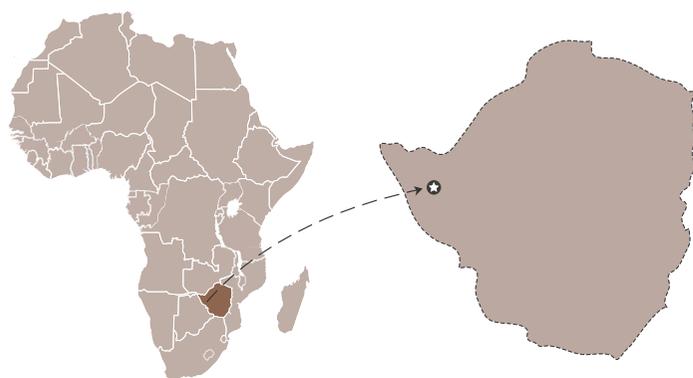

The style of the camp is "Less is more". A non-pretentious camp designed to blend in with the rock and bush which occur on this slight rise above the Deteema Springs.

The tents are smaller than the traditional Machaba style tent, fitting in with the surroundings of one of the most iconic parts of Hwange National Park.

The tents are comfortable with all the facilities of a luxury camp, including hot and cold running water, flush toilet and decks. The main area is tented on decks overlooking the Deteema Springs, offering one an opportunity to sit and watch the African bush unfold in front of you.

WHERE IS DETEEMA SPRINGS LOCATED

Deteema Springs Camp is located near the Deteema dam in north western Hwange National Park. This area is famous for its large concentrations of animals, including elephant. Due to the existence of year round water seeps, this area is ideal for walking and game drives, producing incredible wildlife sightings.

WHAT TO PACK?

Clothing on safari should be comfortable and colours should blend in with nature as much as possible. Beige, greens, browns, tan and khaki coloured clothing is advisable. Evening dress is 'smart casual', no formal wear required.

YEAR ROUND

- Layers – the best way to dress on safari, due to fluctuating temperatures. We recommend cotton. Long sleeves and trousers will protect from both sun and insects.
- Fleece/warm sweater or warm jacket for morning and evening game drives
- Hat – broad brimmed for protection against the sun.
- Sunglasses – dark ones to cut the glare.
- Light cotton shirts and T-shirts; Blouses or shirts
- Shorts, trousers and chinos
- Shoes – good, comfortable sturdy closed shoes/boots and socks for walking.
- Flip flops/thongs for use in outdoor showers.
- Sunblock, insect repellent and lip salve.
- Binoculars – each person should have their own so as not to miss out on any sightings.
- Camera with spare batteries, memory sticks, film, and the correct charging apparatus.

SUMMER

- A kikoi or light sarong has a multitude of uses.
- Light, compact jacket (windcheater) for the rainy season.
- Swimwear

WINTER

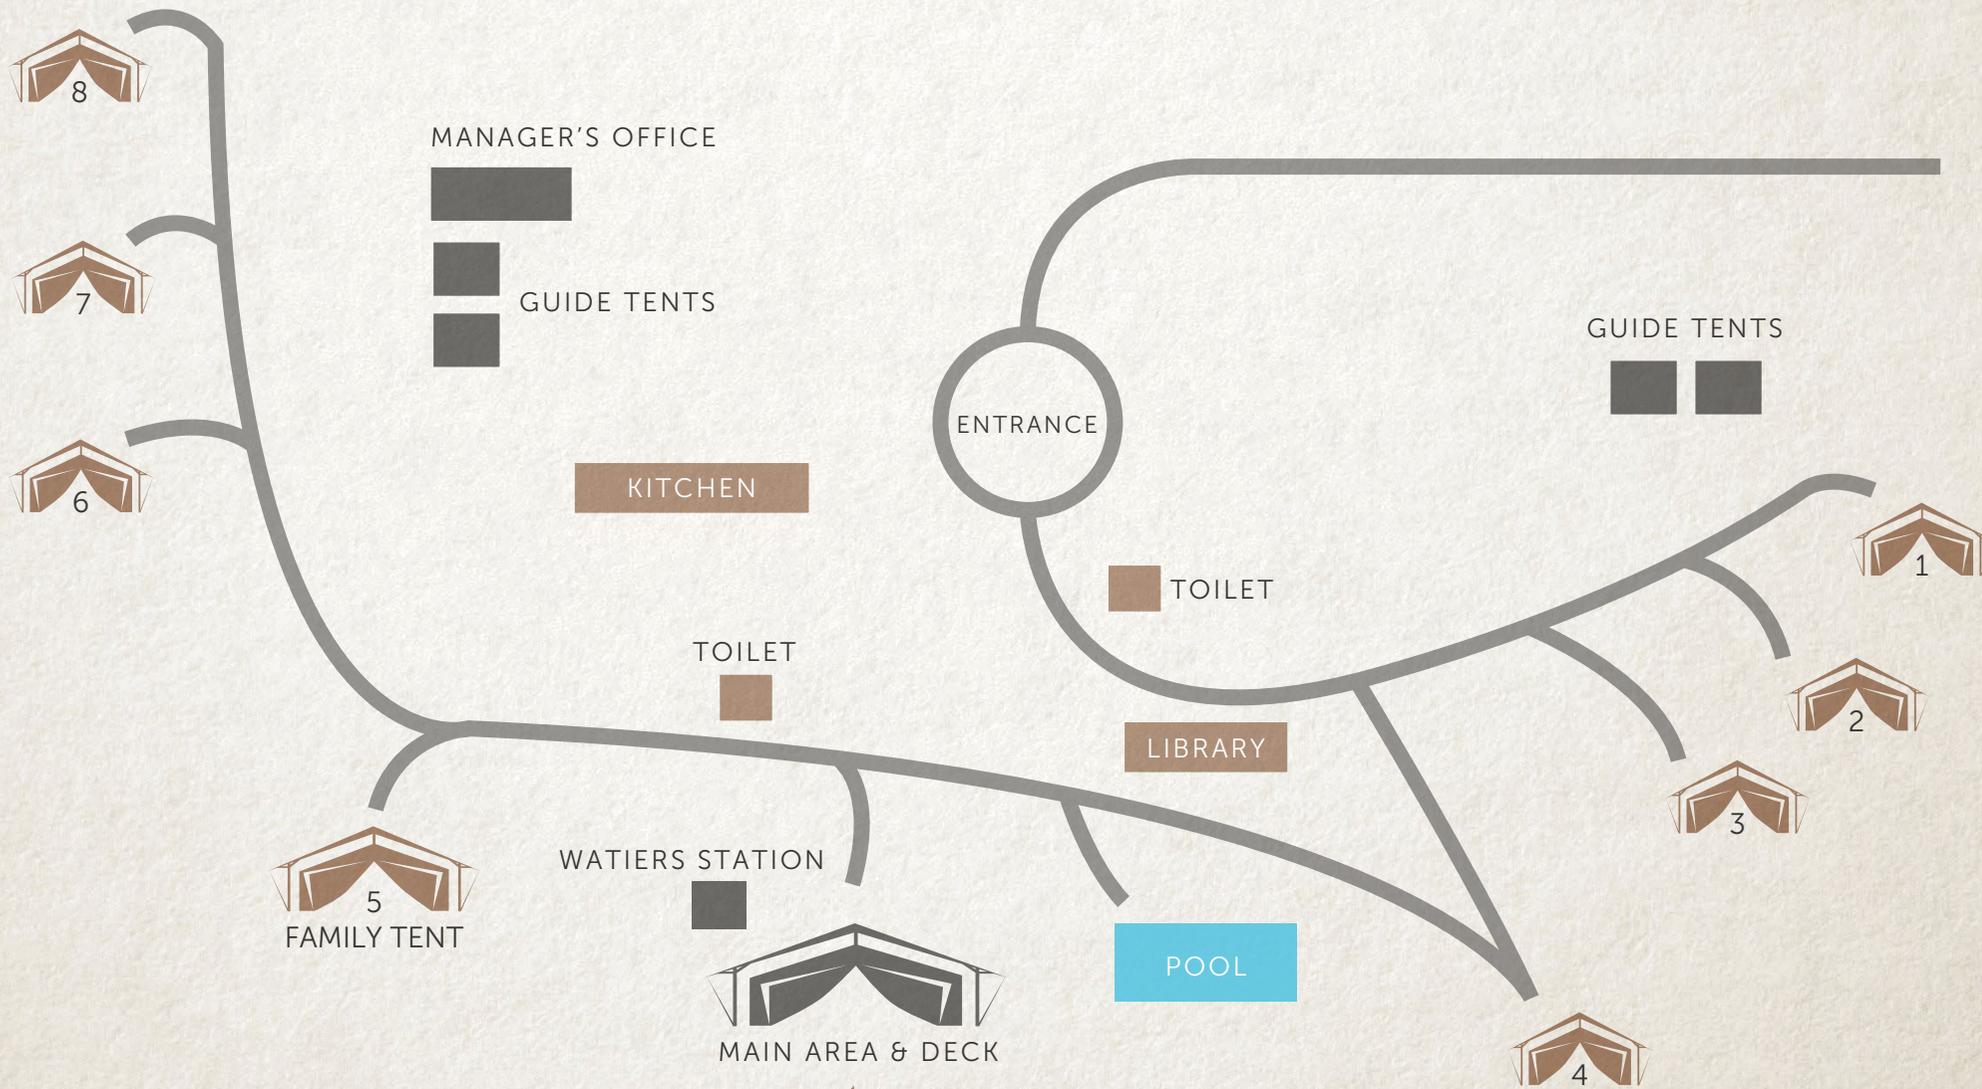

- It gets very cold in the evenings and early mornings, and quite hot during the day – so layers are essential.
- Warm leggings and thick socks – good to wear during cold weather.
- Hat – woollen beanie for warmth.
- Gloves & Scarf
